Current awareness

KnowledgeShare (produced by NHS Brighton) keeps you up to date by identifying evidence and emails you short targeted messages based on your professional interests (e.g. renal medicine), age groups (e.g. children, adults, elderly) and settings (e.g. hospital, GP surgeries). Contact the library for more information.
E-journals: there are several renal titles available through Browzine https://browzine.com/libraries/1334/subjects, using your ESTH OpenAthens account, such as:

<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image1.png" alt="Clinical Kidney Journal" /></td>
<td><img src="image2.png" alt="Kidney International" /></td>
<td><img src="image3.png" alt="New England Journal of Medicine (NEJM)" /></td>
<td><img src="image4.png" alt="Journal of the American Society of Nephrology" /></td>
<td><img src="image5.png" alt="Journal of renal care" /></td>
</tr>
</tbody>
</table>

For some of the journals there are embargo periods ranging from 90-365 days, so please contact the library for current editions.

e-Learning

e-Learning for Healthcare includes access to a renal medicine programme: ‘Kidn-e’ which includes a module on Fluid Therapy and Acute Kidney Injury.

![BMJ Learning](image6.png)

BMJ Learning includes e-learning modules on ‘Hospital presentations: acute kidney injury and chronic kidney disease’

Point of care tools - resources designed for clinicians which include summaries of evidence-based medicine and/or peer-reviewed sources curated and are updated by health professionals.

![BMJ Best Practice](image7.png)

BMJ Best Practice – access via your ESTH OpenAthens account

![UpToDate](image8.png)

UpToDate – access via Portal Manager. Once registered you can download the UpToDate app

Information and literature search

If you have a specific query relating to kidney disease or renal nursing, we can carry out a literature search of the current evidence using several healthcare databases.

The Library is here to support you

If you need help accessing any of the resources listed above please contact the libraries at either St. Helier esth.hirsonlibrary@nhs.net or Epsom esth.libraryepsom@nhs.net.
