Entry requirements for UK medical schools

2017 entry

Entry requirements for UK medical schools

2017 entry

This guide contains information on entry requirements for all of the UK's publicly funded bachelor's degrees in medicine. It was created by the Medical Schools Council and is updated yearly from information passed directly from the medical schools.

The purpose of the guide is to act as a point of reference and easy comparison for entry requirements. It cannot contain the full details of each medical school's requirements, so seeking confirmation and additional information on individual medical school's websites is essential.

Widening participation

This guide will be useful to all who are considering an application to study medicine. It was, however, created with particular focus on 'widening participation'. This term occurs throughout the guide, and refers to initiatives which are designed to provide opportunities for those who would make excellent doctors but who face barriers due to their circumstances.

It is the position of the Medical Schools Council that the only things which should affect an applicant's chance of entering the medical degree are ability and motivation. Any other barriers should be found and removed, and this guide is a part of that. Clear presentation of entry requirements information will aid those applicants who are without the benefit of good careers guidance. It will also help careers advisors ensure that their knowledge is correct and up to date.

Collating and publishing this information is part of the medical schools' response to the demand for clear and accessible entry requirements for medicine, as recommended in the [Final Report of the Selecting for Excellence project](#).

Course types

Standard Entry Medicine

This is usually five years long, but in some institutions it is six. It can have different abbreviations, such as MBBS or MBChB, but all result in the bachelor's degree in medicine.

Graduate Entry Medicine

This is open to application from those who already have a bachelor's degree. Many universities require the previous degree to be health-related, but not all. It is a four-year accelerated degree in most cases, but in some universities it is a five-year course. It is also known as the Graduate Entry Programme.

Medicine with a Preliminary Year

This course takes the form of either a five-year Standard Entry Medicine with an additional year at the start, making a six-year course, or sometimes the preliminary year is taken as a standalone one-year course. It is also known as Medicine with a Foundation Year, or similar.

This course is designed for those who achieved highly at A level, or equivalent, but who did not take the required science subjects. This extra year gives students the necessary science training to catch up. It is not a means of boosting the grades of those who do not meet the entry requirements of Standard Entry Medicine.

Note

This should not be confused with the Foundation Programme, which is the period of practical training taken after graduation.

Medicine with a Gateway Year

These medical degrees are designed for those who are of high ability but who may be coming from situations where they will have had barriers to their learning.

The courses can take this into account in different ways, for instance by using 'adjusted criteria' to change the entry requirements for applicants from low-participation areas.

Note

Although Medicine with a Gateway Year courses have been designed specifically for widening participation, some of the Standard Entry Medicine courses use similar methods for certain applicants. If you think that this kind of course may apply to you, make sure you have studied the entry requirements for the Standard Entry Medicine courses as well, along with any widening participation elements they include.

Things you should know

Admissions tests

Nearly all medical degrees use an admissions test as part of their entry requirements. There are three admissions tests. Applicants may sit different combinations of these tests according to the medical schools they intend to include in their application.

UKCAT

An applicant must register for and sit the UKCAT before the UCAS application is made, noting his/her score in the application. [Twenty-six medical schools](#) use the UKCAT.

BMAT

An applicant must register for the BMAT before the application is made, but the test is only taken afterwards, at the beginning of November. The score is then sent automatically to the relevant medical schools on the application. [Seven medical schools](#) use the BMAT.

GAMSAT

This test is used only for a number of the Graduate Entry Medicine courses, and not for Standard Entry Medicine. As with the UKCAT, an applicant must register for and sit the GAMSAT before making the UCAS application. Note that the deadline for registration is earlier than for the UKCAT. [Seven medical schools](#) use the GAMSAT.

Access to Medicine courses

In medicine, Access courses are run by higher education colleges and not by universities. This means that there are many different Access courses on offer, though often they are designed for mature learners who may not have A levels or equivalent. As is the case for Medicine with a Preliminary Year, Access courses are not a supplement for poor performance at A level.

If you are thinking about applying for a specific Access course, it will be useful to first check some things with medical schools and with the institution offering the Access course in order that you can feel comfortable with your decision.

Questions for medical schools

- Do you accept the qualification offered by this Access course as part of your entry requirements?
- If so, have you previously admitted students who have been on this course?

Questions for the Access course provider

- Have students who have taken the Access course gone on to study medicine?
- If so, how many, and which medical schools did they go to?

Understanding the course tables

| | | Home/European Economic Area | International |
|------------------------------------|--|-----------------------------|---------------|
| Number of applicants per interview | | 1 | |
| Number of applicants per place | | | |

| | | Use in selection | Weighting |
|------------------------|--|------------------|-----------|
| Application | Predicted AS/A levels/Scottish Highers | 2 | |
| | GCSEs/Scottish Nationals | | |
| | International Baccalaureate | | |
| | Personal statement | 3 | |
| | Admissions test | | |
| Interview | Interview method | 4 | |
| | Work experience | | |
| Widening participation | | 5 | |

- 1 The numbers here are called 'competition ratios'. They state the number of applicants per interview and the number of applicants per place on the course. Where the ratio is not known, it is marked with '-'.
- 2 These are the minimum entry requirements which must be met for the application to proceed. It is at the following stages, such as interview, where medical schools really start to differentiate the applicants.
- 3 Medical schools each place different weighting, or emphasis, on different parts of the application. Some divide the parts into percentages, where the parts with higher percentages will be worth more for the overall application. Others treat the parts as stages, each with a 'minimum required' threshold.
- 4 This will tell you how the personal statement is used. Most medical schools do not score the personal statement (but may still read it for background information). Some do score the personal statement.
- 5 This states the admissions test used by the medical school. See the previous page for more on these.
- 6 Interviews can take different forms, such as a single panel interview, or a series of short interviews called a 'multiple mini-interview'. Different styles can focus on different attributes in the candidate.
- 7 Medical schools may specify what kind of experience they are looking for. Remember: it is not a checklist. The key is the way in which an applicant discusses their experiences in the interview, not the places where they have gained them. For instance, if asked to provide an example of working with other people, having had a part-time job can be just as valuable for answering this as having shadowed a doctor. See the [Work experience guidelines for applicants to medicine](#) for more on this.
- 8 This box contains any information which relates to widening participation. This can take many forms, from stating particular colleges that the medical school works with, to describing how the grade threshold may be lowered according to factors in the applicant's circumstances.

University of Birmingham Medical School

MB ChB Medicine and Surgery (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 1.7 | 5.3 |
| Number of applicants per place | 5.4 | 24.1 |

| | | Use in selection | Weighting |
|-------------|--|--|------------------|
| Application | Predicted AS/A levels/Scottish Highers | A*AA at A level including Chemistry and Biology. Predicted AAA at A level. AS grades are not used. AAAAA in Scottish Highers and AAB in Advanced Highers including Chemistry and Biology. | Minimum required |
| | GCSEs/Scottish Nationals | A total of seven subjects at GCSE are scored: English (Language and Literature), Maths and Science (Biology and Chemistry or Double Award Science) plus two additional subjects (any). Scottish Nationals: 1s in English, Maths and Science | 70% |
| | International Baccalaureate | 7,6,6 at Higher level (including Biology and Chemistry) with 32 points overall. | Minimum required |
| | Personal statement | Not scored but needs to showcase relevant work experience and evidence of significant extracurricular involvement. | Minimum required |
| | Admissions test | UKCAT | 30% |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Experience of healthcare environment required (preference for voluntary placements involving contact with patients). |

| | |
|------------------------|---|
| Widening participation | <p>Applicants enrolled on the university's Routes to the Professions programme receive guidance and support with their application and are guaranteed an interview. If successful following the interview, candidates will receive an offer one grade lower than the standard (AAA instead of A*AA).</p> <p>In addition, applicants may qualify for the university's 'Access to Birmingham' (A2B) programme. Selection for A2B considers socio-economic factors. Lower academic thresholds apply to these applicants, including a much lower offer requirement: ABB. These programmes are limited to applicants from the West Midlands. At a national level, contextual information is considered relating to school performance for selecting applicants for interview. The offer is one grade less (AAA).</p> <p>See website for details.</p> |

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | 12 | – |

| | | Use in selection | Weighting |
|-------------|--|---|------------------|
| Application | Predicted AS/A levels/Scottish Highers | AAA at A level including two science subjects and Maths. Statistics can be offered instead of Maths. At least one A level science must be either Biology or Chemistry. | Minimum required |
| | GCSEs/Scottish Nationals | Either, grades AA in Science and Additional Science or equivalent. Or, grades AAB in Chemistry, Physics and Biology in any order. Grade B required in Maths and English Language. If Welsh Language is offered, it must also be supplemented with English Language at a minimum of a grade B. Other subjects to make a total of nine, at a minimum of grade B. | Minimum required |
| | International Baccalaureate | 37 points for entry. Minimum of 19 points must be achieved in Higher level subjects. | Minimum required |
| | Personal statement | Non-academic criteria assessed; medical motivation and awareness of the career, sense of responsibility, evidence of a balanced approach to life, evidence of self-directed learning and extracurricular activities, caring ethos and a sense of social awareness, referee's report. | – |
| | Admissions test | UKCAT | – |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | The university recognises that opportunities for certain types of work experience will vary according to individual circumstances. Applicants are to showcase an appreciation of the length of the training programme and the career structure. |

| | |
|------------------------|---|
| Widening participation | The academic and non-academic attainment of a candidate will be reviewed against educational performance data and socio-economic background to provide an overview of an applicant's potential. The medical school will consider this information when deciding whether to call a candidate for interview. Lower grade offers are not made. See website for details. |

| | | Use in selection | Weighting |
|-------------|--|--|-----------|
| Application | Predicted AS/A levels/Scottish Highers | Grades AAA including Chemistry and one of Maths, Physics or Biology. All must be AAA in three A2 examinations at one sitting. Scottish Higher grades AAAAA or AAAABB by the end of S5 and achieve grades A and B in two Advanced Highers in S6. All to be taken at the first sitting. | – |
| | GCSEs/Scottish Nationals | GCSE English at grade B required. Scottish applicants must have English at either Standard Grade (Grade 2), or an Intermediate 2. | – |
| | International Baccalaureate | Total score of 38 to include Chemistry at a score of 6 at Higher level and Biology at a score of 6 at Higher level with one from Maths or Physics at Higher level. A minimum of 6 points in English at a minimum of Standard level is also required. | – |
| | Personal statement | Reviewed prior to interview but not scored. | – |
| | Admissions test | UKCAT | – |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Panel interviews. |
| | Work experience | Experience in a medical setting is not necessary but it is expected that candidates will have at least spoken to a doctor such as their own GP about a career in medicine or have found out about a medical career through reading. An awareness of current issues facing the medical profession is also expected. Candidates must show an interest which can be demonstrated through voluntary/paid work in a community setting. |

| | |
|------------------------|---|
| Widening participation | Widening participation candidates are identified immediately after submission of application. Candidates on university-affiliated widening participation programmes will be eligible on commencement of the widening participation programme. Candidates not on widening participation programmes can check eligibility directly with the university. See website for details. |

Hull York Medical School

MBBS Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2 | 2.6 |
| Number of applicants per place | 7.7 | 11.8 |

| | | Use in selection | Weighting |
|-------------|--|---|-----------|
| Application | Predicted AS/A levels/Scottish Highers | AAA at A level including Chemistry and Biology. AAAAB at Higher level including Biology and Chemistry at grade A, taken in a single attempt. Either AA in Advanced Higher level Biology and Chemistry plus an additional Higher at grade A. Or AA in Advanced Higher level Biology and Chemistry, plus an additional Advanced Higher at grade B. | – |
| | GCSEs/Scottish Nationals | Eight GCSEs A*–C including English and Maths at grade B or above (or equivalent). | – |
| | International Baccalaureate | 36 points, including bonus points for TOK and EE. Applicants must have 6,6,5 in three Higher level subjects, including Biology and Chemistry. | – |
| | Personal statement | Not scored. | – |
| | Admissions test | UKCAT | – |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | No prescribed experience required but applicants should try to obtain a realistic understanding of the demands of medical training and practice. Applicants may find it useful to get some experience in a range of caring situations, observing or working alongside healthcare staff, in either a voluntary or paid capacity. |

| | |
|------------------------|--|
| Widening participation | Admission tutors may use contextual information alongside the UCAS form to better inform decision making. See website for details. |
|------------------------|--|

Lancaster University Medical School

MB ChB Medicine and Surgery (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2 | 7 |
| Number of applicants per place | 9 | 25 |

| | | Use in selection | Weighting |
|-------------|--|---|------------------|
| Application | Predicted AS/A levels/Scottish Highers | Each applicant will be considered on their own merits. Offers will be made taking into consideration the mix of reformed and unreformed A levels taken and whether or not applicants have had the opportunity to take a fourth AS subject or an EPQ. The offers will be in the range AAAb to A*AA, including both Biology and Chemistry at A level. | Minimum required |
| | GCSEs/Scottish Nationals | Nine subjects at GCSE, to include English language, Maths, Biology, Chemistry and Physics (or Science and Additional Science GCSEs); minimum grades AAA AAA BBB. SQA: Standard Grade (Credit); Intermediate or National 5: at least seven subjects, including English, Maths, Biology, Chemistry & Physics; minimum grades AAA AAB B | Minimum required |
| | International Baccalaureate | 36 points overall. Biology and Chemistry plus one other subject at Higher level (minimum of 6 in each Higher level subject) plus three subjects at Standard level (minimum of 5 in each Standard level subject). | Minimum required |
| | Personal statement | Not scored but checked for evidence of non-academic entry requirements after ranking according to BMAT score. | – |
| | Admissions test | BMAT | – |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Specific work experience not required though applicants must showcase evidence of research into a career in medicine. Insight is more important and voluntary placements in hospices, residential homes etc, where there is interaction with vulnerable people, is just as valuable as shadowing doctors. |

| | |
|------------------------|--|
| Widening participation | The medical school runs taster days, summer schools and mentoring programmes for those from widening participation background (determined by the Lancaster University UK student recruitment and outreach office). Those who attend the summer school and impress medical school staff are made a guaranteed interview if they meet the academic entry requirements. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Lancaster University Medical School](#)

University of Leeds Medical School

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection | Weighting |
|-------------|--|--|------------------|
| Application | Predicted AS/A levels/Scottish Highers | AAA at A level including Chemistry. Biology taken with Human Biology and Maths taken with Further Maths are not accepted. Applicants should be aware that admission is highly competitive and the majority of applicants will have qualifications well above this standard. Strongly encouraged that all applicants declare their AS results. If AS levels have not been taken then GCSE results will be considered in their place. | Minimum required |
| | GCSEs/Scottish Nationals | Six subjects at minimum grade B including English Language, Maths, Double/Additional Science or Chemistry and Biology. This is a minimum entrance requirement but due to the intensely competitive nature of the admissions process, it may not be sufficient to gain a place. | Minimum required |
| | International Baccalaureate | Overall score of 35 points with a mark of 6 in three Higher level subjects one of which must be Chemistry. Two subjects from Biology, Maths and Physics must also be offered at either Higher or Standard level if not offered at GCSE. | Minimum required |
| | Personal statement | All personal statements are read, only 1000 are scored. Applicants must showcase evidence of motivation and insight, responsibility and leadership, social awareness and interests and achievements | – |
| | Admissions test | BMAT | – |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Experience in a healthcare setting, though this definition is broad. |

| | |
|------------------------|---|
| Widening participation | Uses the Access to Leeds Programme, and accepts Access to Medicine courses from two colleges. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Leeds Medical School](#)

University of Leicester Medical School

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 1.9 | 3.6 |
| Number of applicants per place | 11.9 | 17.5 |

| | | Use in selection | Weighting |
|-------------|--|--|------------------|
| Application | Predicted AS/A levels/Scottish Highers | AAA including Chemistry. Biology to at least AS level (fourth AS level not required if Biology taken at A level). Scottish Advanced Highers: Either alone or in a combination with A-levels. AAA to include Chemistry and Biology. Scottish Highers are not considered. | 6% |
| | GCSEs/Scottish Nationals | GCSEs including English Language, Maths and two sciences are scored along with two other GCSEs, with a minimum requirement of grade C in English language and Maths. | 44% |
| | International Baccalaureate | 36 points with three Higher level subjects including Chemistry and Biology at grade 6 or above. | 6% (as A levels) |
| | Personal statement | The personal statement is only scored for a small number of borderline candidates. When assessed, scoring is for personal qualities and motivation. | – |
| | Admissions test | UKCAT | 50% |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Healthcare-related work experience is not required but applicants, particularly those who are borderline, must showcase reflection in whatever type of work they have encountered (voluntary, paid work in retail, catering, health or social care). |

| | |
|------------------------|---|
| Widening participation | This may be assessed prior to inviting for interview if the candidate is in a borderline group or prior to offer for those who are borderline. See website for details. |
|------------------------|---|

| Number of applicants per interview | 1.9 | 2.2 |
| Number of applicants per place | 7.3 | 9.2 |

| | | Use in selection | Weighting |
|-------------|--|--|------------------------------|
| Application | Predicted AS/A levels/Scottish Highers | AAA at A level including Chemistry and Biology. AAAAB–AAAAA plus A grades in Biology and Chemistry at Advanced Higher | Minimum required |
| | GCSEs/Scottish Nationals | Six A grades and three B grades in nine GCSE subjects in any order including: English language, Maths and either core and Additional Science or individual Chemistry, Biology and Physics. Minimum of SCQF level National 5 (intermediate 2) in Biology, Chemistry, Physics, English language, Mathematics and at least two other subjects attained by the end of S4. | Minimum required |
| | International Baccalaureate | 36 points with three Higher level subjects including Chemistry and Biology at Higher level at a minimum of 6 with no less than 5 in any Standard level subject. | Minimum required |
| | Personal statement | Currently scored against non-academic criteria of healthcare awareness and insight, caring contribution to the local community and written communication skills. | Minimum required |
| | Admissions test | UKCAT (GAMSAT for graduates with previous degrees) | Stage 1 (details on website) |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | No specific work experience is required though experience in addressing non-academic criteria is considered. Work experience form completed and returned at interview. |

| | |
|------------------------|--|
| Widening participation | <p>Liverpool medical school gives special consideration to Liverpool Scholars and students on the Realising Opportunities programme. There are also specific reduced entry criteria for those who offer non-traditional courses such as Open University modules and locally approved Access courses. The medical school is piloting the use of contextual data in the admissions process but it is not currently used in making offers.</p> <p>See website for details.</p> |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Liverpool School of Medicine](https://www.liverpool.ac.uk/medicine/mbchb-a100/)

University of Manchester School of Medicine

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2.9 | – |
| Number of applicants per place | 6.1 | 14.2 |

| | | Use in selection | Weighting |
|-------------|--|---|------------------|
| Application | Predicted AS/A levels/Scottish Highers | AAA at A level including Chemistry and either Biology, Physics or Maths. Students not offering any AS subjects or those only able to offer three, will not be disadvantaged if written confirmation of this policy is provided by the school. Science A levels must include a pass in practicals. AAAAB at Scottish Highers. English language and any science subject not taken at Higher/Advanced Higher must have been achieved at SCQF level 5. Grades A in Chemistry and either Biology, Physics or Maths are required at Advanced Higher. | – |
| | GCSEs/Scottish Nationals | At least seven subjects are required at grade C or above and at least five must be at A or A*. English Language and Maths are required at GCSE minimum grade B. | – |
| | International Baccalaureate | 37 points required overall. Chemistry is required at Higher level as well as a second science plus a third subject. Grades 7,6,6 are required. Three subjects are required at Standard level with a minimum of 5,5,5 including English. | – |
| | Personal statement | Personal statement no longer used in assessment. On-line non-academic information required instead. | – |
| | Admissions test | UKCAT | Minimum required |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Voluntary caring work experience required. Shadowing not required. |

| | |
|------------------------|--|
| Widening participation | Widening participation applicants and Manchester Access programme applicants are flagged. Applicants receiving a contextual data flag receive a lower UKCAT threshold and have their widening participation status taken into account at interview but they do not receive a lower offer. Lower offers of AAB or ABB given to MAP and PWAP (Preston widening participation applicants) only. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Manchester School of Medicine](#)

Newcastle University Medical School

MBBS Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3.6 | 4.7 |
| Number of applicants per place | 7.9 | 17.5 |

| | | Use in selection | Weighting |
|-------------|--|--|------------------|
| Application | Predicted AS/A levels/Scottish Highers | AAA at A level. Subjects should include Chemistry and/or Biology at A or AS level. AAAAA at Higher Grade including Chemistry and/or Biology. | Minimum required |
| | GCSEs/Scottish Nationals | If only one of Biology and/or Chemistry is offered at A or AS level, the other should be offered at GCSE grade A (or Dual Award Science grade A). | – |
| | International Baccalaureate | A minimum of 38 points, no subject should be graded less than 5 and with Higher level in Chemistry or Biology of at least grade 6. Combinations including two sciences, Mathematics and English are desirable. | Minimum required |
| | Personal statement | Not used prior or at interview, read prior to offers being made but is not scored. | – |
| | Admissions test | UKCAT | |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Emphasis on applicants being able to show a commitment to caring which can be accomplished in a number of ways other than in a hospital or General Practice setting e.g. volunteering in an elderly care home, hospice, nursery or helping someone less fortunate. |

| | |
|------------------------|--|
| Widening participation | Considered throughout the admission process. Newcastle has a PARTNER scheme and these applicants may attract a slightly lower UKCAT threshold for interview. Those made an offer must pass a summer school and would have received a lower A level conditional offer. See website for details. |
|------------------------|--|

University of Sheffield Medical School

MB BCh Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 4 | 3 |
| Number of applicants per place | 9 | 15 |

| | | Use in selection | Weighting |
|-------------|--|--|------------------|
| Application | Predicted AS/A levels/Scottish Highers | AS levels are not considered. AAA at A level including Chemistry and either Biology, Maths, Physics or Psychology. Where A levels have a separately graded practical component, this is required and must be passed. AAAAB in Scottish Highers and AA in Advanced level including Chemistry plus one of either Maths, Physics, Biology or Psychology. | Minimum required |
| | GCSEs/Scottish Nationals | AAAAAA taken in one sitting. Applicants must have a minimum of grade C in English, Maths and Science, either as part of the six A grades, or in addition to them. | Minimum required |
| | International Baccalaureate | 37 points overall with 6,6,6 in Higher level subjects including Chemistry and another science subject, and no less than four in Standard level subjects. | Minimum required |
| | Personal statement | Not scored. Interest in medicine, work experience/ volunteering and outside interests are all explored at interview. | - |
| | Admissions test | UKCAT | Minimum required |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Interest in what applicants have learned from their work experience. In addition to shadowing a GP or other medical practitioner, there are many other areas related to medicine in which applicants can gain experience, such as care homes or community-based work experience. |

| | |
|------------------------|--|
| Widening participation | Schemes such as SOAMS (Sheffield Outreach and Access to Medicine Scheme) and Realising Opportunities encourage applications from under-represented groups and those who have the ability to become good doctors but would not normally consider this as a serious option. Applications from candidates with different backgrounds and of all ages are encouraged. See website for details. |

University of St Andrews Medical School

MB ChB or MBBS Medicine (A100)

6 years (3 years at St Andrews and 3 years at a partner medical school)

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection | Weighting |
|-------------|--|---|------------------|
| Application | Predicted AS/A levels/Scottish Highers | AAA at A level including Chemistry and one other of Biology, Maths or Physics. AAAAB at Higher in S5 including grade A in Chemistry and one other of Biology, Maths or Physics. In addition, grades BBB in Highers or Advanced Highers in S6 are required. | Minimum required |
| | GCSEs/Scottish Nationals | If Biology, Mathematics or English are not offered at A2/AS level or Higher/Advanced Higher then each must be offered at GCSE grade B or at Standard grade, Intermediate 2 or National 5. Generally eight A grades or six at A* required to be called for interview. | – |
| | International Baccalaureate | 38 points. At Higher level, Chemistry and one other of Biology, Mathematics or Physics at grade 7,6,6. Three passes at grade 6 at Standard level, including Mathematics, Biology or English if not offered at Higher level. | Minimum required |
| | Personal statement | Not scored but health-related work experience required for applicant to be considered for interview. | – |
| | Admissions test | UKCAT | Minimum required |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Applicants should have gained work or shadowing experience in a caring or health environment. This does not have to be in a hospital or GPs surgery but could be in a nursing home or local hospice or through working with people who have ill health or a disability. |

| | |
|------------------------|---|
| Widening participation | Widening participation applicants who have engaged with outreach projects at St Andrews, will be considered for interview if academic requirements are met. In addition, similar widening participation candidates who do not meet the academic requirements may be considered for the Pre Med programme. Candidates are given information by the university's Schools Access team. See website for details. |
|------------------------|---|

St George's, University of London

MBBS Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2.3 | 3.4 |
| Number of applicants per place | 7.5 | 12.8 |

| | | Use in selection | Weighting |
|-------------|--|--|------------------|
| Application | Predicted AS/A levels/Scottish Highers | AAA at A level including Chemistry and Biology or Human Biology. Completed within two years. AAA at Higher including Chemistry and Biology, and AA at Advanced Higher including Chemistry and/or Biology. | Minimum required |
| | GCSEs/Scottish Nationals | Eight subjects at grade A including English Language at a minimum grade B, Maths and Dual Award or three separate sciences. | Minimum required |
| | International Baccalaureate | Overall score: 36 (not including Theory of Knowledge and Extended Essay). Higher level: Combined score of 18, with at least two subjects at grade 6 or above including Biology and/or Chemistry. Standard level: Grade 5 or above in SL Mathematics and English, if not studied to HL. | Minimum required |
| | Personal statement | Not scored. | – |
| | Admissions test | UKCAT | Minimum required |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Any experience of providing care or help for other people which leads to an understanding of the realities of working in a caring profession. This can be paid work or volunteering. Candidates should be able to reflect on how their work experience helped them to develop some of the attitudes and behaviours essential to being a doctor. The medical schools is interested in what the applicant has learned about him/herself, other people and how care is delivered and received. Candidates are asked to provide further details of their work experience and/or confirmation letters or references for verification. |

| | |
|------------------------|---|
| Widening participation | The context in which an applicant achieved their educational qualifications is considered. This allows admission tutors to better identify the potential of an individual student. The medical school runs a full of range of activities including taster days, summer schools and work experience schemes for those from widening participation backgrounds (determined by the St George's, University of London recruitment and outreach office). See website for details. |
|------------------------|---|

University College London Medical School

MBBS BSc Medicine (A100)

6 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3 | 11 |
| Number of applicants per place | 6 | 29 |

| | | Use in selection | Weighting |
|-------------|--|--|------------------|
| Application | Predicted AS/A levels/Scottish Highers | A*AA to include Biology and Chemistry, with the A* in either of these subjects. | Minimum required |
| | GCSEs/Scottish Nationals | Grade B in English and Maths. A majority of A or A* grades at GCSE is advantageous. | Minimum required |
| | International Baccalaureate | 39 total points. Three Higher level subjects to add up to 19 points, including Biology and Chemistry with one at grade 7 and the other at grade 6. No score below 5. | Minimum required |
| | Personal statement | Statement is marked as 'average', 'below average' or 'above average'. The criteria assessed are: work experience, motivation, teamwork, leadership etc. | – |
| | Admissions test | BMAT | – |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Panel interview/s. |
| | Work experience | Personal experiences, paid work or volunteering. Any experience that involves working with other people, building relevant skills or gaining insight into healthcare professions. A sample of students are asked to provide further details of their work experience (approximately one third of candidates) and/or confirmation letters or references for verification. |

| | |
|------------------------|--|
| Widening participation | Widening participation criteria are identified and considered during assessment of the application and selection for interview. Candidates do not check eligibility – the UCL widening participation staff as well as UCAS provide the relevant data to the admissions department. UCL also runs the Target Medicine initiative. See website for details. |

University of Cambridge School of Clinical Medicine

MB BChir Medicine (A101)

4 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | 20 | – |

| | | Use in selection | Weighting |
|-------------|------------------------------|--|-----------|
| Application | Degree qualifications | At least a 2:1 degree in any discipline (science subjects are most useful). | – |
| | AS/A levels/Scottish Highers | Academically competitive applicants will generally have at least AAA at A level or equivalent, including an A or A* at Chemistry. Those who do not hold these grades should be aware that their application will be in direct competition with those who do. Minimum required, A level Chemistry (passed within seven years of entry) at grade A or A*, plus A level passes in two of the following: Physics, Biology, Mathematics. | – |
| | GCSEs/Scottish Nationals | Passes at grades C or above in Double Award Science and Mathematics. Single awards in GCSE Biology and Physics may be substituted for Double Award Science. | – |
| | International Baccalaureate | Academically competitive applicants will generally have at least 36 points with 6,6,6 at Higher level including Chemistry. Those who do not hold these grades should be aware that their application will be in direct competition with those who do. A minimum of Chemistry must be taken at Higher level at 6, plus either two of the following at Higher or Standard level: Physics, Biology, Mathematics. | – |
| | Personal statement | Personal statement is reviewed prior to interview but not scored. | – |
| | Admissions test | None | – |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Panel interview/s. |
| | Work experience | Medical/healthcare experience as a paid or volunteer worker in the private or public healthcare industry and the shadowing of medical professionals in hospital/GP practice. Varied and consistent hands-on patient care along with experience working within an NHS environment is favoured. |

|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | N/A |
| Number of applicants per place | – | N/A |

| | | Use in selection | Weighting |
|-------------|------------------------------|---|-----------|
| Application | Degree qualifications | This is a specific four-year programme for applicants who are currently enrolled on an officiated Feeder Stream accelerated entry program; applicants must have studied in one of the four listed institutions. See website for details. | – |
| | AS/A levels/Scottish Highers | Minimum of grades BBB at A level. | |
| | GCSEs/Scottish Nationals | English and Maths at minimum grade B. | – |
| | International Baccalaureate | Minimum 5,5,5 at Higher level. | – |
| | Personal statement | Non-academic criteria assessed: medical motivation and awareness of the career; sense of responsibility; evidence of a balanced approach to life; evidence of self-directed learning and extracurricular activities; caring ethos and a sense of social awareness; referee's report. Not to be used as checklist. | – |
| | Admissions test | GAMSAT | – |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | The university recognises that opportunities for certain types of work experience will vary according to individual circumstances. Applicants are to showcase an appreciation of the length of the training programme and the career structure. |

| | |
|------------------------|--|
| Widening participation | <p>The Feeder Stream accelerated entry programmes have been developed as part of Cardiff University's commitment to widening access to medicine, enabling a small number of selected students within specific programmes to join the feeder stream, taking on additional modules and graduating from these programmes with a first or 2:1 honours degree, to enter the second year of the five-year A100 medical programme.</p> <p>Applicants applying from these routes will need to have fulfilled all the minimum requirements as outlined for graduate entry.</p> <p>See website for details.</p> |

University of Liverpool School of Medicine

MB ChB Medicine and Surgery (A101)

4 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2.4 | N/A |
| Number of applicants per place | 12.3 | N/A |

| | | Use in selection | Weighting |
|-------------|------------------------------|---|----------------------------------|
| Application | Degree qualifications | Minimum 2:1 in a Biological, Biomedical or Health Science subject. | Minimum required |
| | AS/A levels/Scottish Highers | BBB at A level including Biology and Chemistry and a fourth AS level at grade B. Further Maths is not considered as the fourth AS level if Maths is offered as the third A level. | Minimum required |
| | GCSEs/Scottish Nationals | English Language and Maths at a minimum of grade C. | Minimum required |
| | International Baccalaureate | 32 points with no less than 5 in Chemistry and Biology at Higher level and no less than 3 in any subject offered. | Minimum required |
| | Personal statement | Currently scored against non-academic criteria of healthcare awareness and insight, caring contribution to the local community and written communication skills. | Minimum required |
| | Admissions test | GAMSAT | First Stage – details on website |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | No specific work experience is required though what each applicant has done in order to address non-academic criteria is taken into consideration. Applicants who are invited to interview are asked to complete a questionnaire where they give details of those whom they claim to have worked with. |

| | |
|------------------------|--|
| Widening participation | Widening participation can be taken into account at any stage of the process but most usually at the first and second stage. There is no formal process and usually graduates with widening participation backgrounds are relied on for making use of the school's criteria for those offering non-traditional qualifications. |

| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection | Weighting |
|-------------|--|---|-----------|
| Application | Predicted AS/A levels/Scottish Highers | AAA at A level (for students who did not study enough science subjects). | – |
| | GCSEs/Scottish Nationals | Minimum grade B in English Language and Maths. Either, AA in Science and Additional Science or equivalent or, AAB in Chemistry, Physics and Biology in any order. Other subjects not stated above, to make a total of nine, at a minimum of grade B. If Welsh Language is offered, it must also be supplemented with English Language at a minimum of a grade B. | – |
| | International Baccalaureate | A minimum of 20 points must be achieved in the Higher level subjects. | – |
| | Personal statement | Non-academic criteria assessed: medical motivation and awareness of the career; sense of responsibility; evidence of a balanced approach to life; evidence of self-directed learning and extracurricular activities; caring ethos and a sense of social awareness; referee's report. | – |
| | Admissions test | UKCAT (GAMSAT for graduates) | – |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | The University recognises that opportunities for certain types of work experience will vary according to individual circumstances. Applicants are to showcase an appreciation of the length of the training programme and the career structure. |

| | |
|------------------------|---|
| Widening participation | <p>The academic and non-academic attainment of a candidate will be reviewed against educational performance data and socio-economic background to provide an overview of an applicant's potential. The medical school will consider this information when deciding whether to call a candidate for interview. Lower grade offers are not made.</p> <p>See website for details.</p> |

Keele University School of Medicine

MB ChB Medicine (A104)

6 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection | Weighting |
|-------------|--|--|-----------|
| Application | Predicted AS/A levels/Scottish Highers | A*AA (except for those already who have achieved AAA plus A at AS or A*AA). Grades of A*AA from three A levels taken at a single sitting. Chemistry must not have been taken at AS or A level. Advanced Highers in four subjects with minimum grades AAAA. Chemistry must not have been studied at Higher or Advanced Higher level or a combination of Biology and Physics/Maths. | – |
| | GCSEs/Scottish Nationals | Minimum of five GCSEs at grade A, with minimum of grade C required in English Language and Maths. Minimum of four Scottish standards/intermediates at grade A/1, with minimum of grade C/3 required in English language and Maths. | – |
| | International Baccalaureate | Minimum of 35 points from six academic subjects, not including Chemistry; grades of 6,6,6 at Higher level and 6,6,5 at Standard level usually required; no grades below 5 accepted. | – |
| | Personal statement | Not assessed. Applicants are required to complete a post-application roles and responsibilities form. | – |
| | Admissions test | UKCAT | – |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Experience in roles involving direct personal interaction is required. This may involve work with customers/clients requiring support/assistance/ service. Experience in caring role preferred if applicant has had opportunities to undertake this. |

| | |
|------------------------|--|
| Widening participation | Applicants who are enrolled on Keele Steps2Medicine programme or who have widening participation flags identified by UCAS are guaranteed interviews and may receive reduced A level grades required to confirm offer. Flags are based on POLAR2 data and school achievement data. See website for details. |

University of Liverpool School of Medicine

Foundation to Health and Veterinary Studies Year 0 (789S)

1 year

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 4.4 | N/A |
| Number of applicants per place | 5.8 | N/A |

| | | Use in selection | Weighting |
|-------------|--|---|------------------|
| Application | Predicted AS/A levels/Scottish Highers | Level 3 qualifications are not necessarily required. The course is not usually intended for those having taken science A levels but there may be exceptions if the A levels were taken many years previously. | – |
| | GCSEs/Scottish Nationals | Current requirements request a minimum of five GCSEs at grade B to include Maths, English Language and at least one individual science subject or core & additional science. | Minimum required |
| | International Baccalaureate | Not necessarily required. | – |
| | Personal statement | Applicants are required to demonstrate healthcare awareness and insight, caring contribution, excellent written communication skills and to demonstrate the values that embody and underpin good healthcare practice. | – |
| | Admissions test | None at present. | – |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Structured interview. |
| | Work experience | None specifically required but applicants are expected to have enough experience to be able to demonstrate the appropriate level of healthcare awareness/insight and caring necessary to be successful on the programme. |

| | |
|------------------------|---|
| Widening participation | <p>This is a widening participation programme that will consider applicants with a minimal academic history. It considers applicants who left school with little formal education as well as those who wish to change career. All applications are assessed on an individual basis.</p> <p>See website for details.</p> |
|------------------------|---|

6 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 5.4 | N/A |
| Number of applicants per place | 11.2 | N/A |

| | | Use in selection | Weighting |
|-------------|--|--|-----------|
| Application | Predicted AS/A levels/Scottish Highers | AAB at A level in three arts subjects or up to two sciences and a third subject excluding Chemistry. Students not offering any AS subjects or those only able to offer three, will not be disadvantaged if written confirmation of this policy is provided by the school. AAB at Scottish Highers with same criteria. | – |
| | GCSEs/Scottish Nationals | At least six subjects are required at grade C or above. At least four passes must be at grade A or A* that need not be in the sciences. English Language and Maths are always required at GCSE minimum grade B. | – |
| | International Baccalaureate | 35 points to include core in three arts subjects/two arts/humanities and one science or one arts/humanities and two sciences. At least 6,6,6 at Higher level and minimum 5,5,5 at Standard level. Any science subjects not taken at Higher level must be taken at Standard level or GCSE. | – |
| | Personal statement | Not scored but assessed against a set of published non-academic requirements. | – |
| | Admissions test | UKCAT | – |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Voluntary caring work experience required. |

| | |
|------------------------|--|
| Widening participation | Widening participation applicants with a contextual data flag are identified through the UCAS application and given a lower UKCAT threshold, but not a lower offer after interview. See website for details. |

| Number of applicants per interview | – | N/A |
| Number of applicants per place | – | N/A |

| | | Use in selection | Weighting |
|-------------|--|--|-------------------|
| Application | Predicted AS/A levels/Scottish Highers | BBC including B in Chemistry and B in Biology, Physics or Mathematics. Applicants with predicted/achieved grades at or above ABB are not eligible for this course and should instead consider the five-year MB ChB Medicine course. | 12% |
| | GCSEs/Scottish Nationals | Grade B in Double Science, Mathematics and English Language plus one other subject at grade C. | 8% |
| | International Baccalaureate | 29 points with 14 at Higher level including 5 in Chemistry and 5 in Biology, Physics or Mathematics. Applicants with 33 or higher overall and 16 or above at Higher level are not eligible for this course. Applicants with 34 or higher overall and/or 17 at Higher level should instead consider the five-year course. | 12% (as A levels) |
| | Personal statement | Realistic interest in medicine; life skills; wide range of interests; acts of altruism and voluntary work; communication and interaction skills. | 70% |
| | Admissions test | UKCAT | 10% |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Relevant work experience is not essential but desirable. Good reflection on relevant work experience will assist students during the interview process. As part of the first year of the programme all students will take part in work experience placements. |

| | |
|------------------------|--|
| Widening participation | <p>This course is aimed at students who have the potential to become doctors but do not meet the academic entry criteria to apply directly to MB ChB medicine. It is a widening participation initiative for UK students who fulfil specific criteria. This course is open to UK applicants only. All applicants must be eligible for a contextual offer, ie must be attending/ have attended a school or college on the list of designated English and Welsh schools.</p> <p>See website for details.</p> |
|------------------------|--|

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | N/A |
| Number of applicants per place | – | N/A |

| | | Use in selection | Weighting |
|-------------|--|---|-----------|
| Application | Predicted AS/A levels/Scottish Highers | ABB at A level in any subject. ABBBB at Scottish Highers. | – |
| | GCSEs/Scottish Nationals | At least six subjects at GCSE grade B, to include English, Maths, and a science. | – |
| | International Baccalaureate | 32 points required. | – |
| | Personal statement | Reviewed during selection for interview process, but not formally assessed. Discussion of personal statement forms one of seven multiple mini-interview stations. | – |
| | Admissions test | UKCAT | – |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews. |
| | Work experience | Applicants expected to have taken steps to gain an understanding of medicine as a career, and personal suitability for that career, but no specific work experience requirements specified. |

| | |
|------------------------|--|
| Widening participation | <p>This is a specific widening participation programme that is looking at applicants' potential. It may be that the applicants' family circumstances or educational opportunities have not given them a fair chance to realise their academic potential. For a proportion of applicants, initial contact is made by the school's residential programme which is run in the Spring half term. Applicants from local widening participation schools are invited to apply to this programme to get an experience of what it is like to come to university and to study medicine.</p> <p>See website for details.</p> |
